

Parent Survey: Homework
By Tara Dueker

Child's Name _____

Please let me know about your child's homework. If your child does his/her homework primarily in after-school, please note that.

1. Homework is meant primarily as a review of the day's lessons. Is your child able to do most of the work on his/her own, or does he/she require a lot of help?

2. How long is it taking your child to complete the homework?

3. Anything else you want to add about child's homework habits?
